

If you needed retail security here tomorrow

you'd call: 0203 859 9588

At Fortis Property Services, we recognise that retailers specifically, experience high levels of crime and deploy security guards in retail environments primarily to protect their assets, staff, and customers from theft, vandalism, and anti-social behaviour. The presence of security personnel also enhances the overall shopping experience by creating a safe and secure environment. Additionally, our state-of-the-art CCTV surveillance systems complement security personnel by providing real-time monitoring and evidence capture.

We endeavour to provide tailored security services to retail clients creating bespoke standard operating procedures (SOP's) which can be client, site or role specific. All our personnel are SIA registered operatives, trained to manage conflict and prevent crime, so should any issues arise, you can rest assured that they will be dealt with appropriately. Teams can be deployed both day and night offering 24/7 protection & monitoring. We also ensure that our security systems are regularly updated to meet evolving threats and compliance standards. Our approach includes a combination of cutting-edge technology and highly skilled personnel for seamless protection. Simply contact us today to request a survey and quotation.

We'll be there when you need us.
